### Improving the Norfolk & Western.

The N. & W. Railroad between Fort Gay and Kenova is the scene of much activity just now. The regular force of section men was entirely inadequate for the work proposed to be done, and the company advertised for additional labor. About 200 laborers are now scattered along the road, raising the track several inches higher, putting in additional ballast and doing such other work as will be required to put the road bed in first-class condition.

During the panic which followed the election of Taft very little was done on the N. & W., and this work now being done may be an indication that in spite of the Trusts and the disastrous work of the United States Senate matters may naturally improve.

The call for laborers was eagerly responded to, greatly to the discomfort of the farmers along the route. The men deserted the fields for the larger recompense of the road.

### Pistol Toting.

Some Kentucky solon who would like to confer a boon upon the decent people in the State will have an opportunity of immortalizing himself next winter. The people want a law that would really prohibit the carrying of concealed deadly weapons. Why not try the West Virginia law? The Wayne News says of it:

"The new pistol law has had a salutary effect throughout the southern section of the state, in the opinion of Marshal Cunningham. The drastic penalties provided in the bill are sufficient to prevent the gun user from toting a pistol."

### A HELPING HAND

Is Gladly Extended by a Louisa Citizen.

There are many enthusiasts in Louisa prepared to enhance the beauty of the perfect complexion by the use of Doan's Kidney Pills. It is endorsed by the "helping hand" to scrofula and society. Read the following statement:

Mrs. M. F. Hale, Main St., West, Louisa, Ky., says: "For the last six years my little daughter has been troubled by attacks of kidney complaint. She would be quite well for weeks at a time and seemingly without cause, these attacks would come upon her. The trouble tended to undermine the health of the child. Her kidneys were very weak and a tendency toward more serious disease prevailed. Doan's Kidney Pills soon rid her of every sign of kidney weakness and we take pleasure in recommending them to others."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
